

INDEX TO VOLUME 44

The following contractions are used in regard to the indexed material; (Ab)—Abstracts; (C)—Correspondence; (E)—Editorial; (Ob)—Obituary; (Ret)—Retrospect.

A

- Abdominal conditions, differential diagnosis of urological conditions from, S. A. Wallace 265.
— pain, acute, interpretation of, W. F. Gillespie 562.
— pitfalls, upper; differential diagnosis and surgical treatment, G. H. Stobie 390.
— problem, acute; case, J. L. Little 174.
Acne vulgaris, psychology of general public to, W. Marshall 599.
Addison's disease, recognition and treatment of, R. A. Cleghorn 581.
Advisory committee, Canadian medical, proceedings of 303.
AGNEW, H.: Employment of qualified nurses for clinical tasks in hospitals (E) 62.
Alcohol, mortality and morbidity from (E) 293.
Allergic reaction to stilboestrol; case, K. A. Baird 401.
Allergy, practical aspects of, A. T. Henderson 33.
ALLIN, A. E.: Meningitis of new-born due to pseudomonas aeruginosa 288.
Amenorrhœa, primary; case, R. V. Chapple 401.
Anæmia, nutritional, of infancy, management of, K. L. McAlpine 386.
Anæsthesia, combined nupercain spinal and cyclopropane, R. H. Meredith 394.
— in patient with pulmonary tuberculosis, H. E. Pugsley and G. D. Richardson 473.
Anæsthetic agents, spinal, comparative study of three, J. H. Gifford and F. A. H. Wilkinson 128.
ANDRUS, P. M.: Emphysema under forty; clinical and pathological significance 344.
ARCHAMBAULT, J.: Need of legislation and social service to combat syphilis in province of Quebec 63.
Arterial thromboses, multiple, occurring in professional blood donor; case, L. C. Montgomery 289.
Artery disease, coronary, present status of treatment of, R. S. Stevens 124.
Aspiration, drainage of tuberculous cavities by (Monaldi method) A. Joannette 46.
Association notes. See page 7.
Athlete's foot (C) 198.
Atrophic rhinitis or ozæna in children, J. G. Strachan 158.
AUGER, W. J.: See Silverthorne, N.
Aviation medicine, aspects of, R. W. Ryan and G. E. Hall 227.
— psychological factors in, M. R. Harrower-Erickson 348.
AYRE, J. E.: Rôle of corpus luteum in toxæmia of pregnancy 575.

B

- Bacteria, effect of vernix caseosa on, H. Lubinski and B. Benjamin 171.
BAIRD, K. A.: Allergic reaction to stilboestrol; case 401.
— — Treatment of dermatitis venenata; case 507.
BANGHAËRT, PERCY C. (Ob) 640.
BANTING, SIR FREDERICK (Ob) 327, 429.
Banting research foundation report 1939-1940, 438.
Barbiturates, dangers from indiscriminate use of (E) 176.
Bausch and Lomb and the Canadian war effort (E) 180.
BAXTER, H.: New method of treatment of depressed fracture of zygomatic bone 5.
BENJAMIN, B.: See Lubinski, H.
BERDAN, OSCAR LAFAYETTE (Ob) 431.
Bile duct, common, non-traumatic perforation of; case, H. N. Taube and H. A. Himel 607.
Biophotometer (dark adaptation) tests, comparison of, on French and English school children in a Quebec community, G. C. L. Goss and others 30.
BIRD, PERCY JAMES SANDYS (Ob) 93.
BLANCHARD, A. J.: Pathology of glomus tumours 357.
BLANSEARD, THOMAS WALTER (Ob) 640.
Blood groups II and IV (Moss), physical characteristics accompanying, F. Smith 52.

- Blood, problems in preservation of, O. F. Denstedt and others 448.
— supply depot, London emergency, work of, O. M. Solandt 189.
— transfusion (E) 608.
BOGART, ITHAMAR GORDON (Ob) 203.
Bone, zygomatic, new method of treatment of depressed fracture of, H. Baxter 5.
Book reviews. See page 8.
BOURGEAULT, VICTOR (Ob) 431.
BRERETON, T. C.: Method of circumcision using the electrocautery 175.
BRESLIN, L. J.: Sulcus tumour; case 56.
— — Thrombocytopenic purpura 499.
BROWN, A.: See Silverthorne, N.
BROWN, GEORGE WELLINGTON (Ob) 203.
BROWN, JOHN VASSIE (Ob) 535.
BROWN, W. H.: Use of the newer drugs 485.
BROWNE, J. S. L.: See Rose, B.
BROWNING, EDGAR (Ob) 431.
Bucke and Osler; personality study, G. H. Stevenson 183.
BURGESS, J. F.: Treatment of cases of lichen planus with vitamin B complex 120.
BURNHAM, H. H.: Clinical study of the inferior turbinate cavernous tissue 477.
Burns, management of (Ab) 58.
BURSON, EDWARD CECIL (Ob) 93.

C

- Cæsarean section, D. M. Low 280.
Canada, tuberculosis problem in, G. J. Wherrett 295.
Canadian intern board; report for 1940-41, 300.
— medical advisory committee, proceedings of 303.
Cancer, periodic fluctuations in blood picture in, and their bearing on radiation therapy, O. C. Gruner 256.
Carbuncle of kidney; case, W. P. Hogarth 55.
Carcinoma, primary, of ureter, F. Pilcher and D. S. Macnab 361.
CASE, THOMAS EDWARD (Ob) 203.
Cervix, benign lesions of, G. L. Watt 141.
CHAMBERS, WILLIAM E. (Ob) 431.
CHAPPLE, R. V.: Primary amenorrhœa; case 401.
Characteristics, physical, accompanying blood groups II and IV (Moss), F. Smith 52.
Charles II, natural philosophy during reign of, A. G. Nicholls 66.
CHASE, L. A.: Diabetes mellitus; problems of its control 250.
— — Rats in the west (E) 403.
Child, overweight, L. M. Lindsay 504.
Childhood and infancy, pneumonia in, N. Silverthorne and others 496.
— treatment of pneumonia in, R. R. Struthers 271.
Children, atrophic rhinitis or ozæna in, J. G. Strachan 158.
— congenital anomalies of urinary tract the underlying cause in many urinary infections in, A. B. Hawthorne 152.
— and infants, congenital anomalies of urinary tract in, and their relation to chronic pyuria, I. H. Erb and P. Summerfeldt 14.
— peptic ulcer in, O. M. Moore 462.
— rural school, survey of ophthalmic conditions among, J. V. V. Nicholls 472.
— school, French and English, in a Quebec community, comparison of dark adaptation (biophotometer) tests on, G. C. L. Goss and others 30.
CHOQUETTE, ERNEST (Ob) 535.
Chorea, Sydenham's, etiology of; electroencephalographic studies, S. J. Usher and H. H. Jasper 365.
Circumcision, method of, using the electrocautery, T. C. Brereton 175.
CLEGHORN, R. A.: Recognition and treatment of Addison's disease 581.

Circumcision, method of, using the electrocautery, T. C. Brereton 175.
CLEGHORN, R. A.: Recognition and treatment of Addison's disease 581.

CLUFF, WILLIAM ALEXANDER (Ob) 431.

COLLIP, J. B.: *See* Noble, R. L.

Congenital anomalies of urinary tract in children and infants and their relation to chronic pyuria, I. H. Erb and P. Summerfeldt 14.

— — — — the underlying cause in many urinary infections in children, A. B. Hawthorne 152.

Coronary artery disease, present status of treatment of, R. S. Stevens 124.

— thrombi, factors in causation of intimal hæmorrhages and in precipitation of, J. C. Paterson 114.

Corpus luteum in toxæmia of pregnancy, J. E. Ayre 575.

COSBIE, W. G.: Pitfalls in gynaecological diagnosis 133.

COTÉ, F. H.: *See* Mitchell, D. R.

COUCH, J. H.: Glomus tumours; clinical picture and physiology 356.

CRAIG, HAROLD GORDON (Ob) 93.

Cribiform plate, unusual injury to; case, G. E. Tremble and F. J. Desmond, Jr. 173.

Cyclopropane and nupercain spinal anæsthesia, combined, R. H. Meredith 394.

D

Dark adaptation (biophotometer) tests, comparison of, on French and English school children in a Quebec community, G. C. L. Goss and others 30.

Deformities of eyelids, plastic repair of, A. L. Morgan 560.

DENSTEDT, O. F. AND OTHERS: Problems in preservation of blood 448.

DeRivas duodenal lavage method, treatment of intestinal parasites by, P. Beregoff-Gillow 58.

Dermatitis, eczematous, of contact type, S. E. Grimes 164.

— venenata, treatment for; case, K. A. Baird 507.

DESMARAIS, HENRI (Ob) 315.

DESMOND, F. J., JR.: *See* Tremble, G. E.

Diabetes mellitus; problems of its control, L. A. Chase 250.

Diabetics, retinopathy in, G. White and C. E. A. Hassard 586.

Dietary management of intestinal tuberculosis, A. S. Kennedy and others 380.

Disabilities in recruits, statistics on (national war services) 525.

Disease, season and (E) 178.

Disproportion, treatment of, N. D'A. Frawley 38.

Divisions of the Association. *See* page 8.

Dizygous and monozygous twins, tumours in; 19 cases, M. T. Macklin 604.

Doctor, municipal 610.

Doctors required from Canada for war service 630.

Domestic workers in Montreal, pre-employment medical examinations for 540.

Donor, blood, professional, multiple arterial thromboses occurring in; case, L. C. Montgomery 289.

Drugs, use of newer, W. H. Brown 485.

Duodenal ulcer. *See* Ulcer.

E

EASTWOOD, JOHN HAVELOCK (Ob) 432, 535.

EATON, FOSTER FITCH (Ob) 316.

Economics. *See* Medical Economics.

Eczematous dermatitis of contact type, S. E. Grimes 164.

ELLIOT, HOWARD ROXBORO (Ob) 535.

EMBREE, WILLIAM HAZEN (Ob) 640.

Emphysema, spontaneous pulmonic interstitial and mediastinal, in an infant, J. H. Fisher 27.

— under forty; clinical and pathological significance, P. M. Andrus 344.

Empyema, non-tuberculous thoracic; collective review of literature from 1934 to 1939 (Ret) F. Dorrance 404.

ERB, I. H. AND SUMMERFELDT, P.: Congenital anomalies of urinary tract in children and infants and their relation to chronic pyuria 14.

Eruption closely resembling lichen planus due to wheat germ; case, A. H. Newman 175.

Exercises, remedial, in treatment, G. H. Fisk 154.

Eyelids, plastic repair of deformities of, A. L. Morgan 560.

F

FAREWELL, ALFRED ABRAM (Ob) 432.

FARMER, F. A.: *See* Goss, G. C. L.

Financing the war (E) 294.

FISHER, J. H.: Spontaneous pulmonic interstitial and mediastinal emphysema in an infant 27.

FISK, G. H.: Remedial exercises in treatment 154.

Fluctuations, periodic, in blood picture in cancer and their bearing on radiation therapy, O. C. Gruner 256.

Food parcels, Canadian red cross, for British prisoners-of-war in Germany, F. F. Tisdall 77.

FOWLER, E. P., JR.: Bacteriology of acute otitis media and its course under new and old methods of treatment 372.

Fracture, depressed, of zygomatic bone, new method of treatment of, H. Baxter 5.

FRAWLEY, N. D'A.: Treatment of disproportion 38.

French, publication of material in (E) 59, 60.

G

Gall-bladder disease, physician's interest in, A. H. Gordon 245.

GALLIE, W. E.: War wounds; 1940 lecture of Royal college of surgeons of Canada 338.

Gallop rhythm, significance of, F. C. Hamilton 260.

GARNER, E. L. (Ob) 203.

Gastrectomy, subtotal, for gastro-duodenal ulcer, G. G. Miller 570.

Gastric ulcer. *See* Ulcer.

Gastro-duodenal ulcer. *See* Ulcer.

Genito-urinary malformation, technique in establishing diagnosis of, C. E. Snelling 269.
